EXPERIENCE SUMMARY

Over **3.5 years of experience in frontend development across mobile and web platforms**, specializing in **React Native, React.js, and Next.js**, with additional experience in **SwiftUI and Kotlin**. Experienced in building scalable, maintainable applications for Android, iOS, and Web, with strong expertise in API integration, state management, offline-first architecture, and performance optimization. Also have **basic exposure to Node.js and NestJS**.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Kotlin, Swift
Frontend / Mobile: React Native, React.JS, NextJS, SwiftUI
State Management: Redux Toolkit, Redux, Context API
API / Backend: REST API Integration, Node.js, NestJS, Express.js
Database / Storage: MongoDB, Realm, Offline Storage
Third-Party Integrations: Firebase, OCR, Google Maps, Push Notifications, Deep Linking
CI/CD: Fastlane, Android Play Store, Apple App Store
Developer Tools: VS Code, Android Studio, Xcode
Version Control: Git, GitHub

WORK EXPERIENCE

CFCS Cloud Solutions — **Apr 2023 – Present**
React Native Developer — *Noida, India*

- Developed and maintained **5+ production mobile applications** using React Native for Android and iOS, implementing features such as **REST API integration, biometric authentication, offline data synchronization, and real-time updates**.
- Implemented scalable state management and offline data storage using **Redux Toolkit and Realm**, ensuring reliable application functionality in low-connectivity environments.
- Managed **3+ application deployments** to Google Play Store and Apple App Store using **Fastlane and CI/CD workflows**, collaborating with cross-functional teams throughout development and release cycles.

PROJECTS

Omada HRMS | React Native, Redux Toolkit, Google Authentication, Notifications — **8 Months**

- Built an HR management application supporting **500+ employees** with attendance, leave management, holidays, payroll information, and salary slip management.
- Worked on attendance features including **location and selfie-based punch, geo-fencing, configurable attendance rules, and shift management**, along with employee document and asset management.

Bharat Bank | React Native, Firebase, Fastlane — **6 Months**

- Created a mobile banking and payment application supporting **3 core payment workflows** — UPI money transfers, bill payments, and mobile recharges.
- Secured and enhanced banking workflows with **4 key capabilities** including **biometric authentication, deep linking, multi-language support and secure API integration.**

Frontizo | React Native, Redux — **10 Months**

- Built an end-to-end after-sales service system integrating engineer and customer workflows, including **service request creation, installation tracking, live status updates, and feedback collection**.
- Developed features for field engineers to **manage assignments, update job progress, and submit daily reports**, while customers could track service status and history.
- Implemented **role-based access, API integration, notifications, and data synchronization** to coordinate customers, engineers, and management.

OmniAssist | React Native, Redux Toolkit, Realm, Google Maps API **16 Months**

- Delivered **2 B2B applications** — (DMS and GT) — supporting **sales, distribution, order management, and field-force tracking** workflows.
- Managed DMS workflows for stockists and distributors to **place and track orders, manage stock, and access sales reports**.
- Designed GT features for **real-time sales tracking, route mapping, geolocation, and live reporting**, contributing to a **50% increase in sales** through improved field-force visibility and tracking.
- Supported **offline-first data synchronization** using Realm, enabling field users to continue working without network connectivity and synchronize data when connectivity was restored.
- Integrated **Google Maps API** for location tracking, route visualization, and map-based sales operations.

EDUCATION

Noida Institute of Engg and Technology **Jul 2019 – Jul 2023**
*B,Tech in Computer Science and Engineering - **8.2 - CGPA*** *Greater Noida, Uttar Pradesh, India*

LANGUAGES KNOWN

English, Hindi, Bengali
